ARTHUR BROWN & BRO., INC.

America's Largest Art Supply Distributor

2 WEST 46 STREET
NEW YORK 36, N.Y.
COLUMBUS 5-7100

THANK YOU.....

For your interest in our "Instant Lettering."

A sample and descriptive folder showing all the type styles available are attached. Most styles are priced at \$1.50 a sheet. The larger types indicated by the asterisks * are in sets of two sheets and are priced at \$2.00 for the set.

In addition to the obvious uses for charts, graphs, artwork, etc. this unique product has many specialized and specific industrial applications. We're in process of compiling a list of such applications and we would appreciate your help. If you will fill out and send back the form on the bottom of this letter, along with your order for a minimum of three sheets, we will send you one sheet free of charge. Please specify the number you prefer. Remember we want specific and not general applications.

Thank you again for your interest and your cooperation.

Yours very truly,

ARTHUR BROWN & BRO. INC.

®

MARKING KITS for ELECTRONIC EQUIPMENT

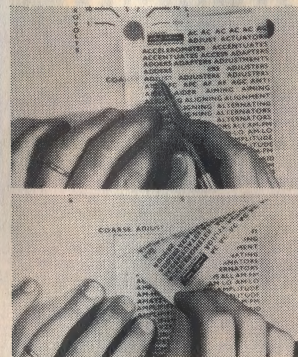

The new easy way to completely mark electronic equipment from component parts to finished control panel at less cost and greater ease than ever before!

NOT A DECAL . . . GOES ON INSTANTLY . . . NO
WATER, TAPES OR SCREENS . . . LOOKS LIKE
PRINTING!

LETRASET

instant lettering®

The "INSTANT LETTERING" dry transfer method brings you all the necessary elements for completely marking electronic equipment, drawings, prototypes, schematics, etc.—brings them to you in a new easy to use form. Words, letters, numerals, switch patterns, arcs, etc. are pre-printed on special plastic sheets. Place the proper sheet over your work so that the desired word or pattern is in place then gently rub with a ballpoint pen. It's transferred . . . it's as easy as that.

Here's how it's done.

Remove blue backing sheet. Place carrier sheet so that word is in correct position. Rub over entire word with a ballpoint pen or soft pencil.

Carefully lift away sheet making sure the word has been completely transferred. Cover word with blue backing sheet and burnish for maximum adhesion.

Imagine lettering that transfers DRY to practically any surface — metal, wood, glass, plastic, paper. The actual word or pattern itself transfers from the carrying sheet with just a quick light pressure.

"INSTANT LETTERING" is clean, crisp and opaque; leaves no background haze or film!

Now you can quickly mark all panels . . . even especially calibrated two-color meter dial, tap switch markings, panel nomenclature, pilot light jewels, sub-assemblies, circuit boards, etc. Makes prototypes look like finished production equipment. Gives all equipment a professional look.

PLEASE READ THE FOLLOWING BEFORE ORDERING

All sheets are available in Black and White.

● Also available in Red, Yellow and Blue.

★ Also available in Red, Yellow, Blue and Gold.

◆ Also available in Red.

Sheets marked with an asterisk (*) are large display letters supplied in 2 sheets to the set required to cover the complete alphabet.

C — Capitals, L — Lower case and N — Numerals. A sheet marked C/N contains Caps and Numerals ONLY. A sheet marked C/L/N contains all three and can only be ordered that way. For example it is not possible to order Sheet No. 118 in Caps only.

All sheets (with the exception of Nos. 321A, B, C and 322A, B, C) come in full fonts only; that is, a distribution of characters based on average use. It is not possible to order a sheet of all one letter or a group of specific letters or numerals except on special order.

The type chart shows the letters available on each sheet in the case of the exceptions mentioned above.

ELECTRONICS MARKING KITS

TITLES FOR ELECTRONIC EQUIPMENT

This set contains 24 3½" x 5" sheets . . . hundreds of preprinted titles . . . researched to give you up to 95% of all electronic marking. For labeling, marking, titling all electronic control panels, drawings, prototypes, etc.

No. 958 — Black\$4.95
No. 959 — White\$4.95

GRIDS HALF
HARMONICS
RECTIFIERS
RESET RISE
SELECTIVITY

TERMINAL & CHASSIS MARKING KIT

2 3 4 5 6
IIIIII2II3
QQQQ
VVVV

Contains 24 3½" x 5" sheets of all the necessary letters, letter combinations and numerals for marking chassis, printed circuit and terminal boards, rotating components, etc.

No. 966 — Black\$4.95
No. 967 — White\$4.95

METER & DIAL MARKING KIT

(reduced)

Contains 5" x 7" sheets in black, red and white . . . a total of 12 . . . containing arcs, dial patterns, lines, wedges, graduation lines, switch symbols, alphabets and numerals for marking standard and special rotary tap switches, potentiometers, prototypes and especially calibrated meter dials. Colors supply contrast on scales and switches simplifying usage of complex instruments.

No. 968 — Meter & Dial Marking Kit.....\$4.95

Now, with these three kits you can completely mark prototype electronic equipment from component parts to the finished control panel and meters. The result is professional looking equipment.

ARTHUR BROWN & BRO., INC.

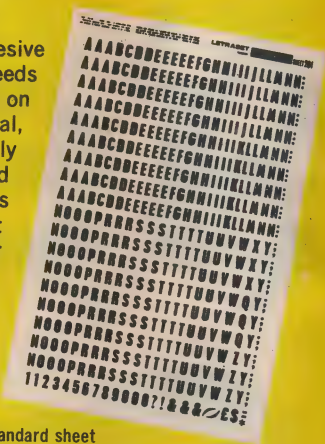

2 WEST 46TH STREET

NEW YORK, NEW YORK 10036

instant lettering

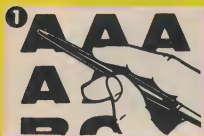

... brings you the finest most meticulous lettering in the world instantly... by instantaneous dry transfer of letter from type sheet to practically any surface. Just rub and it's there.

Leaves no trace of adhesive to mar art work... needs no equipment... perfect on wood, paper, glass, metal, film, in fact on practically any surface... quick and simple to use and costs very little... the right answer to the need for highest quality lettering for display panels, roughs, signs, labels, graphs, charts, T.V. cells, photos, etc.

Standard sheet
reduced from 10" x 15"

THIS IS HOW "INSTANT LETTERING" IS DONE

Remove blue backing sheet and place carrier sheet over work so that desired letter is in place. With a ballpoint pen or soft pencil gently rub over letter making sure you touch all the edges of letter.

Carefully lift away sheet — letter is now transferred. Repeat procedure until word is complete. Finally place blue backing sheet over work and burnish for maximum adhesion.

Protective Backing Paper has a special coating to which letters will not adhere. This backing paper should be replaced when sheet is not in use to avoid accidental transfer and to keep sheet clean.

Errors can be removed with pressure-sensitive tape where surface permits.

Varnishing will protect letters that are to be exposed to weather. However, do not use a cellulose lacquer.

CATALOG NUMBERS AND PRICES

	BLACK	WHITE	RED	YELLOW	BLUE	GOLD
STANDARD SHEET	940	942	946	947	948	945
DISPLAY LETTERS	943	944	949	950	951	

Standard sheets are \$1.50 each.

Display letters come in 2 sheet sets at \$2.00 per set.

SPECIAL SHEETS MADE TO YOUR OWN SPECIFICATIONS

Hundreds of the country's largest industrial firms, advertising agencies, TV stations, airlines, architects—even individuals—now use "Instant Lettering" printed to their own specifications. You will find, just as they have, that "Instant Lettering" can save valuable time and achieve a printed look on prototypes, displays and exhibits, presentations, drawings, slides, finished products, and thousands of other applications.

PRICES FOR SPECIAL SHEETS

Preparation charge\$24.00
First 50 sheets@ \$2.00 each
Sheets over 50@ 1.50 each
Artwork supplied by you ready for camera.
Printing area 9" x 13" on a 10" x 15" sheet.
Delivery is approximately 3 weeks.

The preparation charge covers preparing a new sheet for printing and applies only to the first order. There is no preparation charge on reorders of a special sheet.

The minimum order is 50 sheets at \$2.00 each. Additional sheets on the same order receive the \$1.50 price. There is a minimum of 25 sheets of a color.

This means your minimum order can include two colors (i.e. 25 red and 25 black). Both the minimum order of 50 sheets and the minimum of 25 sheets of a color also apply to reorders.

Artwork must be supplied by you ready for camera. Please remember that your special sheet of "Instant Lettering" can be no better than the artwork you supply us with. Prepare all artwork with the utmost care. If additional artwork (retouching, etc.) is required the cost for doing this will be added to your preparation charge. If this additional cost exceeds \$15.00 you will be notified before we print.

PRICES FOR SPECIAL SHEETS

Preparation charge	\$24.00
First 50 sheets	@ \$2.00 each
Sheets over 50	@ 1.50 each
Artwork supplied by you ready for camera.	
Printing area 9" x 13" on a 10" x 15" sheet.	
Delivery is approximately 3 weeks.	

The preparation charge covers preparing a new sheet for printing and applies only to the first order. There is no preparation charge on reorders of a special sheet.

The minimum order is 50 sheets at \$2.00 each. Additional sheets on the same order receive the \$1.50 price. There is a minimum of 25 sheets of a color.

This means your minimum order can include two colors (i.e. 25 red and 25 black). Both the minimum order of 50 sheets and the minimum of 25 sheets of a color also apply to reorders.

Artwork must be supplied by you ready for camera. Please remember that your special sheet of "Instant Lettering" can be no better than the artwork you supply us with. Prepare all artwork with the utmost care. If additional artwork (retouching, etc.) is required the cost for doing this will be added to your preparation charge. If this additional cost exceeds \$15.00 you will be notified before we print.

We cannot prepare artwork for you. Costs plus the possibility of misinterpreting your instructions prevent this. We can supply the following services to help you in the preparation of your special sheets.

1. Single design (supplied by you) repeated to fill printing area \$10.00
2. Design or designs (supplied by you) reproduced at various sizes and repeated to fill printing area..... \$15.00
3. Type-faces (not words) in existing range supplied to specified frequencies \$15.00

The printing area is 9" x 13". You may fill this up any way you see fit. The minimum thickness for lines is .005".

Complex designs or designs with many or unconnected elements are difficult to transfer. This is overcome by use of an "invisible carrier film". This is a clear film that covers the entire design. It transfers with the design and holds all the elements in proper position. After burnishing the film becomes all but invisible on most surfaces. Unless you specify otherwise, we will prepare your sheet with the carrier film where we feel it is necessary.

When preparing artwork do not use excessively heavy boards. Trim away all unnecessary margins. This facilitates handling.

When mailing artwork to us, please wrap it carefully to avoid damage.

We will not return artwork unless specifically requested to do so. We cannot guarantee the safe return of any artwork.

When we receive the artwork for a special sheet it is assigned a special sheet number (example: S5242). This is the only way we can identify your special sheets. Please include this number whenever you reorder.
